Ware Town 10.10.14	Jill Rowlinson, Clerk townclerk@waretowncouncil.gov.uk	We have a Neighbourhood Plan Steering Group which has been meeting for almost a year. Have produced an initial vision and are consulting local groups on this. Two areas which may be developed are just outside of Ware but would go right up to existing houses in Ware. We have talked to Wareside pc about a possible joint submission but are waiting to find out the plans for these areas in the East Herts District Plan. Depending on what is in the the East Herts plan we may not need to produce a Neighbourhood Plan but could end up with something else – Design Statement, parish plan?
