

The HAPTC Year

How HAPTC served our members during 1st April 2021 to 31st March 2022

Lots of information on our website!

www.haptc.org.uk

If you'd like to see the members' only restricted areas, please ask the HAPTC office to allocate you a personal password. For support to get the most out of the website, call the office.

Events and courses

A range of topics offered virtually this year as webinars plus "e-learning" and "on demand" which can be accessed at the learner's convenience.

Enquiries and Support

We received 431 enquiries from our member councils; over 80% being answered by the next day. The HAPTC office answered 377 of which 205 were answered the same day, 133 the next day and 21 the day after, making a total of 359 being answered within 2 days. 5 were sent to NALC and the remaining 49 responses needed the additional specialist assistance of our expert consultants, see below.

Associates and partnership working

To ensure that areas requiring specialist expertise are also covered, we work with:

Breakthrough Communications	Data Protection/Freedom of Information
Clive Payne	HR/staffing
Hoey Ainscough Associates	Code of Conduct/Standards
James Parker	Neighbourhood Planning
NALC	Legal
Steve Parkinson Partnership	Finance and audit
Wellers Hedleys	Solicitors
Hertfordshire County Council	

HAPTC Advice Notes and Bulletin Articles

Our regular e-bulletin keeps councils completely up-to-date with latest information, advice, guidelines and legislation plus grants, funding, offers and discounts available.

Staff vacancies are advertised here and on our website, <http://www.haptc.org.uk/job-vacancies.html>, free of charge to members.

"Member sharing" – enables member councils to ask others about their experiences for advice, recommendations, guidance, suppliers and service providers, information and to offer examples of

their own policies, what they have been up to, events and activities in their local areas and with their communities.
